

Xeritech 17mm barbed insert fittings are used with all XT Series Dripline. They have been redesigned and can now be installed over twice as fast as other barbed fittings.

When installed with the new XT Insert Fittings, you quickly notice that less force is required to securely attach the fittings. This will reduce hand fatigue, and will save time and money.

Features :

- Material with Acetal Construction provide a secure connection
- Complete line of 17mm insert fittings to simplify installation of XT Series Dripline
- High quality barbs grab tubing for a secure fit
- Unique barb design to reduce insertion force and still retain a secure fit
- Non-obtrusive colored fittings to compliment Natural earth tones

Operating Range :

Pressure: 0 to 50 psi (1.0 to 3.5 bar);
if using more than 60 psi (4.1 bar) clamps will be required
